

## **Closing remarks**

**Malcolm Swan**

### **Ten challenges...**

- **Put learners first - not the scheme or the system.**
- **Don't rush. "Coverage" is an illusion. Put learning before teaching.**
- **Have high expectations - expect surprises!**
- **Listen to learners before intervening.**
- **Challenge learners before helping them.**

## **Ten challenges...**

- **Raise the level of questioning. Make them think hard.**
- **Ask students to explain to one another.**
- **Explain to students why discussion is important.**
- **Remove the fear of 'getting things wrong'.**
- **Take a few risks. Don't feel guilty.**
