#### Courses for managers or quality improvement staff

11. Develop lesson observations and learning walks: combined maths and English

#### Courses to improve personal skills

Online modules (<https://www.foundationonline.org.uk/>)

Maths and English self-evaluation tools plus modules to support you to develop your personal maths or English skills at Level 2 with some extension activities to Level 3 in order to effectively support learners on GCSE courses or other programmes covering maths and English skills up to level 2. They also provide ideas and relevant information about how to approach teaching each topic and reinforce effective practice. Links are provided to other useful teaching and learning resources.

#### Courses coming soon

- Assessment for learning: an introduction
- Manage assessment for learning
- Vocational revitaliser +: develop your practice
